## Message from Management

# Dr. Narayan Chawda

### Chairman

I heartily congratulate all members of VNR Family for another outstanding year towards growth of the Organization. Our journey in the past five years has been a story of success and innovation. I attribute the success to the dedication & smart-working of each & every team member through adaptation of modern technologies. Our journey so far has been commendable. As we proceed towards the goal of being among top seed companies in Indian Seed Industry, we should be well aware that the path ahead is full of challenges that require focus and efficiency in approach of each and every team member.

Our strength lies in the value of our motto i.e. “किसानों के हित में ” which means that all our efforts should be made in the direction of making the farmers benefited with the quality seeds and technologies being developed by us.

Here, I would like to share the experience I had with making the logo of VNR, during my college days in Allahabad - 1963. I was given the role of an Editor for Rashtra Bhasha Parishad's magazine named as “Mrittika” so I first designed its logo and it was a thoughtful experience. Later on being the founder President, I also got an opportunity to design logo of “Navin Beej Utpadak Sahakari Samiti Maryadit” a non-profit farmer welfare society started with motive of providing different quality agricultural inputs to the farmers at affordable prices.

So during incorporation of VNR Seeds, the logo was conceptualized with following thought in mind: ---

- (1) The outer line of the logo is a flower which denotes - “Plant Breeding”, “Research & Innovation”.
- (2) In Flower, there is a drop of water which indicates “Adaptation of new technology of Drip Irrigation” which is a vital technology in Modern Horticulture, during those days it brought a revolutionary change in Indian Agriculture.
- (3) There is a plant in drop of water which indicates Hi-tech farming with Drip Irrigation
- (4) Beneath the flower, VNR is written which means “Vegetable n Rice” - In Chhattisgarh the staple food is Rice which is grown all across the state and Vegetables are also given equal importance in daily diet as in general day-to-day conversation the greeting usually starts with “Ka Saag Khai Has”? (It means: which vegetable you had in your meal?). Hence both Rice and Vegetables have been the two foundation pillars during incorporation.

Being a farmer myself, I know the challenges & difficulties faced by the farmers, so I feel that our efforts should be focused towards farmer's welfare.

Magazines are all about context—how ideas and images are presented in relation to one another. It expresses the events and growth of the institution within a larger point of view. Magazines are about trust and partnership: We, the editors, shall always strive to keep the readers update with the latest news and events.

So let us take you through this “Festive Quarter Issue” of Impact from ‘January to March’. In this issue you shall enjoy the glimpse of VNR Cricket League 2017 where four teams participated. Another important event was the celebration night “Milan” where we honored our team members on completion of seven years of long service along with their family.

The month of February & March witnessed two important Indian festivals, Mahashivratri and Holi. Both these festivals were celebrated by VNR. In the last month of the quarter i.e. March, we celebrated the festival of colors Holi and conducted a new initiative "Food Carnival" where each and every person came out with their innovative ideas. Females are the symbol of energy, care and empathy. To celebrate the spirit of women we celebrated the “International Women’s Day” at the Corporate Centre, Raipur.

Our Company has always placed high importance to the health and safety of its employees. Believing in the theme of “A healthy mind lies in a healthy body” a step was taken towards this belief by organizing a ‘Health and Awareness Camp’ offering free health checkup at Deorjhal, processing plant.

We have shown some glimpses of our promotional activities, media presence and employee’s achievements. Hope you will enjoy the issue and do not forget to share your feedback at [vnrmagazine@gmail.com](mailto:vnrmagazine@gmail.com). Your suggestions will always be appreciated. It will definitely guide us towards improvement.

HAPPY READING!!!

## VNR Cricket League 2017

The most splendid event of VNR Cricket League was conducted on 31st January 2017 at Kanger Valley School Campus, Raipur. It was the most awaited event of VNR. It was a very successful event.

Finally on Sunday morning, four teams arrived on the ground where the cricket match was going to be held with full enthusiasm and zeal after days of long practice. The first match was among 'VNR Superking' versus 'VNR Champ', the VNR SuperKing won the toss. They won the match as well. The second team was VNR Boosters and the VNR BullDozer, VNR Boosters was the winner. The final and the most interesting phenomenal match was played between the winning team of the first two matches; VNR SuperKing and VNR Boosters. VNR Boosters won the trophy, with a wonderful performance, the most interesting part will be to watch, next year whether VNR Boosters will take away the trophy permanently. If they win next year also, as per the rule the trophy will be theirs.

## International Women's Day

8th March 2017

International women's day was celebrated in honour of the female team members from all department and locations in Chhattisgarh at Corporate Centre, Raipur. The program highlight was the presence of three female achievers in various field as 'Guest of Honor'. It was indeed very inspirational to hear the subject matter experts Dr. Rachana Saxena (PhD. Nutritionist), Dr. Yashshree Nimbhorkar (Skin Specialist) and CA Deepika Nathani (Private CA Consultant). Our esteemed guest Ms. Hema Chawda (Director) welcomed the guest and played an important role in making this program successful. They shared their experience in their respective fields with the VNR females. After the sessions, all females played games and were honored with flowers and memento. The program was concluded by the vote of thanks by Dr. Parul Parmar (GM, HR).

## Food Carnival at Corporate Centre, Raipur

The Holi special food carnival was the first of its kind festival celebration at the corporate Centre. The VNR team members came forth with delicious food preparations for the food stalls. The planning for the food stall & its decoration by the team members were appreciable. They were full of energy and enthusiasm. There was a competition among all the stalls. ....so it was fun and competition together. The participants had pricing strategy to win the competition. The food stalls were decorated and readied for the judgment by the specially appointed internal gourmets; Mr. Vimal Chawda (MD), Ms. Hema Chawda (Director) and Mr. Atul Sah (Business Head). It was a very exhilarating and different kind of experience for the judges and all VNRites. Seeing the enthusiasm of people, the food stalls started competing with others by attracting customers and selling their dishes at best prices. The delicacies mixed with the decorative ambience and cultural dressing created a feeling of a typical mela. Holi is known for its colours, the colourful decorations and dishes depicts different culture of India. It is a festival which erase all the differences and bring closeness in all the relations.

The competition winners in different categories were as follows:

- Best Dish Award** : Ms. D. Rohini Narsaiya (Finance) & Mr. Sanjit Bagla (Finance)

## Mahashivratri Pooja @ Deorjhal Plant

Mahashivratri is celebrated every year by the devotees of Lord Shiva. Lord Shiva is popularly known as Neelkhanth. He is known as devo kay dev Mahadev. He drank the deadly poison to protect the world from its evil effects. Shivratri is the celebration of this event. The Mahashivratri was celebrated by the devotees on 24 February by performing the pooja at the Shiva temple of the Processing Plant (Deorjhal). The aura was created by the smoke of havan and the chanting of mantras & festive soothing bhajans. The devotees also enjoyed the 'Thandai', special drink to mark this occasion.

## Testimonials

Mr. Ambrish Kumar, coordinator of the NGO named "Sewa Bharat" is helping rural farmers in Bihar region. (Munger and three block of Bhagalpur district) The NGO also distributes free seeds to poor female farmers. The NGO helped the farmers in cultivating the VNR 218 variety of brinjal in three acre area which yield about 130-159 Kg per week. It gave farmers a reason to smile. .

When Bihar sales team (Mr. Amir Khan, Mr. Sanjay Singh and other member of the team) came to know about the NGO, they visited the area. The team visited three villages where the farmer had sown our varieties like VNR 218, VNR 999 and Sarita and is giving good yield. Seeing the success of this initiative, our Bihar sales team has decided to provide assistance to the farmers by providing product knowledge, conducting farmer meetings and seeds of other crops through the NGO.

मार्च 1978 में कृषि विभाग के अधिकारियों के प्रोत्साहन से मैंने कृषि का व्यापार शुरू किया । हमारे पिताजी सामाजिक राजनैतिक व्यक्ति थे और उनकी प्रतिष्ठा के कारण सभी सरकारी विभागों के जिलाधिकारियों के साथ अच्छे संबंध थे पिताजी की सामाजिक प्रतिष्ठा और अधिकारियों की सोच के साथ व्यापार बढ़ाना एक चुनौती से कम नहीं था । उसी के अनुरूप उपरोक्त व्यापार में वृद्धि के साथ समय चलता रहा । इसी बीच मुझे **VNR SEEDS** कंपनी के बारे में पता चला जो कि उत्तम किस्म के कृषि उत्पादों विशेषकर सब्जियों के बीज के लिये काफी प्रचलित थी । इसलिये **VNR** के बीजों के साथ सब्जियों का भी कारोबार मार्च 2014 से शुरू किया, जो की उत्तरोत्तर बढ़ रहा है ।

क्योंकि कम्पनी की सोच किसानों के हित में है, मैंने **VNR** के उत्पादों की गुणवत्ता भी बहुत उच्च कोटि की पायी । मैंने **VNR** के उत्पादों की कीमत और अन्य कंपनियों के उत्पादों की कीमतों में काफी अंतर भी पाया । बहुराष्ट्रीय कंपनियों के साथ प्रतिस्पर्धा में स्वदेशी कम्पनी **VNR** अपना अलग और बहुत ही अच्छा स्थान रखती है । मुझे यकीन है कि आने वाले सालों में **VNR** देश विदेशों में अपनी अलग ही ख्याति प्राप्त करेगी ।

VNR seeds company is a responsible corporate company. It has good seeds variety portfolio for farmers. I am associated with VNR since long time and it's my privilege to be a part of it. Due to our long term business relationship with the company, we have gained popularity amongst the farming community which is very overwhelming.

The company offering good quality seeds has created a soft corner in farmer's heart and is ruling the traders mind. Due to the dedicated, sincere and hardworking field force, the company has achieved tremendous growth and is placed well in the seed industry. The vast product portfolio suitable for different types of weather and soil conditions and proper marketing strategies has resulted in the company's strong presence in market. I, solicit my continuous support in the existing as well as the forth coming business and for maintaining a long lasting

cordial and warm relationship.

**Seminar On Make In India & FDI In Retail Held In Raipur**  
Feb 24th, 2017 • Chhattisgarh

Make In India is the Modi Govt's flagship program to boost the domestic manufacturing industry and to attract Foreign Direct Investment in Indian economy. Since Chhattisgarh has an ample potential and opportunity to grow fast in the arena of food processing units; PHD Chamber of Commerce has organised seminar on Make In India and FDI In Retail to create favorable atmosphere in Chhattisgarh to enhance Food Processing Units.

Cabinet minister Amar Agrawal pointed out that agriculture is the backbone of not only India but our Chhattisgarh state too. Raman Singh govt has formulated farmer's oriented policies so that agri sector can be developed more and more.

CSIDC MD Sunil Mishra told the audience that Chhattisgarh is very strong in its core sector. The need of the hour is to spread awareness about the facilities provided by the govt and the huge potential waiting for the investors.

Arvind Agrawal-Director VNR Seeds, delivered his lecture on the topic "Role of R&D In Food Processing Sector". By using VNR Beehi as prop, he showed the audience how research can help Chhattisgarh entrepreneurs to establish themselves in the field of Food Processing sectors. Using various practical prop, he stressed that It is the research which can reduce cost, increase marketability, better presentation of food, easy in consumption, healthy and hygiene food. With R&D comes the multiple choices of buyer. Arvind Agrawal stressed that behind the success of VNR is R&D and Innovation.

This program was attended by Veenu Jain-chairman-PHD, Kartkeya Goe-HAS, Dr.Sudhir Arpit and CA Shashikant Chandraker.

**A King-Sized Guava That Keeps Farmers Smiling**  
Elmer Basso Basso

"They will like piping hot vada jiras despite being so expensive," exclaims middle-aged fruit vendor Syed Karto, referring to the huge guavas sizzled from an orchard in Raipur, Chhattisgarh that retail at Rs 150 per kg. Karto runs a roadside makeshift stall in the busy Khabadi Market in South Mumbai.

The VMI-081 guava is so big, ranging from 300 gm to 850 gm that one that is said to be big enough for a family. What tips the balance in favor of this variety is its size, long shelf life, less number of seeds and its premium price. These are reasons enough for farmers to opt for it.

One such is software engineer Hemraj Dhandu, who quit his job and now tends to the 1,000 guava trees growing on his three-acre plot in Sangapur village in Jind, Haryana. Another is plant pathologist Krishna Reddy raising 850 plants on his plot in Waruna, 50 km from Sangapur.

# वीएनआर अमरूद ने दिखाई आमदनी की नई राह

**उज्जैन में विभिन्न विदेशी की विभेद**

यहां विभिन्न जात के एक सूक्ष्म किसान ने परंपरिक खेतों में घटते उत्पादन और बढ़ते मुक्तमूल के चलते खेतों में आमदनी की नई राह खोज की है। वे वीएनआर अमरूद की खेती कर रहे हैं। परंपरागत खेतों में लगातार घटते उत्पादन के कारण उन्होंने यह काम किया। इसमें निवेश व लागत से वे सफल हुए और अमरूद की खेती लाभकारी बन गई।

वीएनआर यह एक खास प्रकार की अमरूद की किस्म होती है। इसकी अपनी खासियत है। इसमें बीज नहीं के बराबर होते हैं। यह अमरूद बीज और सेहत के लिए प्रयोज्य भी होता है। बीजे से लोगने के बाद एक सफाई तक यह पर्याप्तता में रहता है। कई दिनों बाद भी गिराव और गुणवत्ता कम्यम रहती है, इस्कीर का अमरूद की अन्य किस्मों से जुदा है। बाकहद ने बताय कि इस फल की मांग बढ़ती जा रही है। दिल्ली, अहमदाबाद, बड़ोदरा के साथ देश के कई शहरों में इसकी मांग है।

**रायपुर से लेकर आए थे पौधे**

बाकहद ने दिल्लीवाली और बीजों से किंगडम अमरूद की किस्म को जवा और रायपुर से 250 पौधे लाकर देह बीज खेत में लगाया जिया देवेरीया व गोकुला की ले उन्हें पौधे धन लाकरने। खान में वो बार दे पौधे फल देते हैं। वेपार उपकरण और लक्ष के चलते अब इस उज्जैन को देह बीज से बाकहद एक बीज में फैल दिख है।

**इस तरह करते हैं पैक**

फलों को खान में लकड़ों के लक्ष, पैकिंग में इत उपकरण पैक करते हैं कि उचित हाव व प्रकाश मिल सके। इन पौधों से 500-डाम से लेकर एक किलो तक का एक अमरूद प्रिपक है। पौधे से फल ले के बाद उन पर फीम लकड़कर पैकिंग में उचित तरीके से लकड़ उले पौधों में पैक करते हुए रात से बिन्दे व उज्जय रहने की ओर के उज्जैन से प्रिपक कर रहे हैं।
