

VNR SEEDS PVT. LTD.

Honorable senior staffs,

Most humbly I would like to express my words in favor of my organization besides filling the appraisal form that one of the best thing I had ever seen and enjoyed into this company is the Annual conference meeting 'Manziley 2013-2014' held in the resent past month at such a well arranged restaurant. The arrangement of the program was very nice and participating in that was a new experience in myself. Such an entertainment annual program in between working days takes my mind from work-stress to an enjoyment atmosphere. One suggestion from my side is that whatever gift we received in the conference should contain company mono or logo with the relevant year on it. I think this is a best way to introduce oneself to another and to know about the hidden talent of our staff members. While concluding my thoughts I have a little request from my senior staffs or liable dignities that kindly arrange such a beautiful annual conference every year so that we can increase our extra talent and celebrate it as a festival of our organization infect we should addressed it as "COMPANY FESTIVAL".
