Dear Sir/Ma'am,

With mixed feeling of sadness and gratitude, I want to submit my resignation from my role as Assistant Manager Finance at VNR Seeds Pvt. Ltd today on Date 10th September 2024

This decision has been very challenging for me. Despite my dedication, I have found that my skills and experiences do not fully align with the demands of my current role. This misalignment has made it difficult for me to meet my own expectations and the standards required. As a result, I have realised that my career goals are not as well-suited to the current position as I had hoped.

I am deeply grateful for the opportunity to work with a supportive Team of wonderful people. The experiences I have gained here have been invaluable, and I will always cherish the time I spent at VNR Seeds Pvt. Ltd.

I am committed to ensuring a smooth transition. I will hand over all my work and progress as you will guide me. Kindly relieve me as earliest as possible. Requesting you to provide me with a relieving letter.

Thank you for your understanding for every challenge I faced over here and for the solution given. This positive impact and the experience I will carry in a positive way in my professional and personal journey both. I wish the organisation continued success and hope our paths may cross again in the future.

With Grateful Regards,

Ruby Sahu
